Experience

PHP-Laravel Developer

Sep,2022-Present

New World's Solution-Lahore

Proficient in leveraging the Laravel framework to create efficient, scalable, and secure solutions. Skilled in translating complex business requirements into clean and maintainable code, I have successfully developed and deployed multiple projects using Laravel. With a deep understanding of MVC architecture and best coding practices, I ensure optimized performance and seamless functionality.

Web Designer

Dec,2021-Sep,2022

Estate Solution-Islamabad

Experienced Web Designer proficient in utilizing the WordPress platform to create, manage, and update dynamic websites. Skilled in translating client requirements into visually appealing and user-friendly designs, I have successfully developed numerous websites using WordPress. With a keen eye for aesthetics and a solid understanding of current design trends, I am adept at crafting engaging interfaces that enhance user experience.

Projects

- **Hospital Management System:** Developed a Hospital Management System using PHP Laravel and MySQL as a database. Played a major role in the development process.
- **Lab Management System:** Developed a Lab Management System using PHP Laravel and MySQL as a database. Took a lead role in designing and implementing the system.
- **Booking CRM:** Developed a Booking Customer Relationship Management system. Played a key role in developing various modules and ensuring smooth functionality.
- **Holiday Boulevard:** contributed significantly to the development of the Holiday Boulevard project, focusing on front-end design and back-end integration.
